CENTRE CONGREGATIONAL CHURCH

On March 8, 1826 a group of 25 from the Smith Meeting House congregation decided to start a new church at Gilmanton Corner to be known as the Centre Congregational Church. Built of hand hewn timbers and post construction, the frame was erected and the minister hired by June of that same year. The first services were held in July by Rev. Heman Rood, who later dedicated the finished structure on September 30, 1827. The total cost of the project was $3500.

Through the years dedicated people kept the church in repair and preserved it for the generations that followed. The building served the town well, but a point was reached in the development of the church and its programs when reality had to be faced and its facilities needed to be brought into the twentieth century.

In January of 1982 a small group of interested parishioners met to address the problem. After numerous meetings it was decided to excavate underneath the present structure rather than add an addition on the side for several reasons. First of all, members were very conscious of the necessity of preserving the beautiful historic architectural style of the colonial building. Secondly, they did not want to detract aesthetically from the setting and grounds, while saving room for parking.

Through concerted and dedicated effort by members and townspeople; time, talents and money were given freely and the project is nearing completion. The church now has a new undercroft consisting of social hall, kitchen, nursery, rest rooms, and furnace room.

On September 8, 1983 the church was entered in the National Register of Historic Places indicating it was considered by the Federal government as a significant heritage resource worthy of preservation.

IN MEMORIAM

COLONEL WILFRED L. EMOND

(1904-1984)

To some he was the Colonel, to others he was just plain Bill but to all who knew him since his retirement to Gilmanton in 1953 after a distinguished military career he was a man whose selfless dedication to his God, his Country, and his Town will remain in our memory.

His many years of service to the Town of Gilmanton included 20 years on the Budget Committee, Chairman of the Planning Board for many years and Secretary/Treasurer of the Iron Works Fire Department. Colonel Emond also served the Town through his active involvement in the P.T.A. He served on the building committee for the "new" elementary school and was recognized by the N.H. Congress of Parents and Teachers Association for his "outstanding service with children and youth", making him an honorary life member.

Colonel Emond was the guiding force in establishing memorials to veterans of past wars at the Smith Meeting House. He was very active with the Ellis-Geddes Leavitt Post 102 American Legion and was the first life member of that post where he served as finance officer for 22 years.

Even in later years, despite progressive blindness, Colonel Emond, with the aid of his beloved wife, Bobby Jean, whom he called "my good right arm" participated insofar as his tragic affliction would permit, in community affairs.

The Town of Gilmanton takes this opportunity to express its appreciation and to recognize the talents, efforts and sacrifices of people like Colonel Emond. He has set a fine example of citizenship for our Town.

40. Voted to authorize the Selectmen to grant a Cable T.V. Franchise, as provided by RSA:53C

41. Voted that the Selectmen of the Town of Gilmanton shall call upon the Governor and Executive Council, its state representatives and state senator to promptly convene a special session of the Legislature for the sole purpose of preventing the imposition of huge cost increases in electric rates resulting from the Seabrook Nuclear power plant on the Citizens, businesses, schools and agencies in the Town of Gilmanton and to direct the Selectmen to promptly notify our above-listed elected officials of the Town's desire. (By Petition)

42. Voted to hear reports of any committees chosen, and pass any votes relative thereto. John Dickey reported on a meeting held to discuss the feasibility of a long term agreement with a bank for a lease on the Academy building as voted on Article 46 of the 1983 Town Meeting. The following is the report as written by John Dickey:

REPORT OF THE GILMANTON ACADEMY LEASE STUDY COMMITTEE

A four-member committee was created by Article 46 of the 1983 Town Warrant to work with the Board of Selectmen on negotiating a long-term lease with a bank for space in the Gilmanton Academy. This committee included: Joseph Crowley representing the Board of Selectmen; John Dickey from the Planning Board; Douglas Towle from the Historic District Commission; and Pauline Marriott from the Conservation Commission.

The Committee met with the Board of Directors of the bank in question, the Village Bank of Gilford, to discuss the project. The Bank is sincerely interested in leasing space in the Academy, but at the time of this report is not yet ready to do so. Their interest depends upon continued growth of the Bank during 1984. The Bank had developed a draft proposal which the committee discussed with them. Their proposal is based upon leasing the room on the ground floor on the left side of the hall (opposite the museum) for a branch bank office. They would propose to:

- Make interior renovations to the room to allow for the installation of a counter for tellers, and two small offices.
- Repair and paint the central hallway.
- Put on new exterior entrance doors.
- Put on storm windows.
- Install a new heating system.
- Paint and repair the entire exterior of the building.
- Provide a limited amount of parking (possibly in conjunction with the Center Congregational Church).

The Bank recognizes the historic character of the building and plans to maintain and restore it. The committee felt that their plans were sensitive to the value of the building as a community resource and recognized its historic importance.

None of the details of a possible lease agreement were included with the Bank's proposal. Many questions need additional study before a lease agreement could be developed. The committee feels that the overall proposal has merit

and recommends that it be permitted to continue working with the Selectmen during the coming year to negotiate a lease with the greatest benefit to the Town.

Article 4
A3. It was voted to have the Bank Lease Study Committee report to the next Town Meeting with a lease agreement with the specific language of the proposal. (as amended)

The following Resolution was moved and adopted:

RESOLUTION

WHEREAS: The Citizens of Gilmanton, N.H., assembled in Town Meeting this 17th day of March, 1984, did upon the occasion of the death of Col. Wilfred A. Emond, extend appropriate expressions of appreciations for his thirty one years of exceptional service to the Town and,

WHEREAS: These services of the years have demonstrated: A devoted sense of appreciation of the responsibilities of the Town. A sincere interest in the solution of the problems of the individual citizen, and: Exceptional endeavors toward solution of the overall community problems in such a manner as to best serve the interests of the citizens.

Further, his performance of all the foregoing responsibilities, together with his service as a member and/or chairman of many other commissions and/or committees serving his Town, his Country, his State and his Nation, together with all of the aforesaid responsibilities, have been performed in such a manner as to reflect great credit upon himself, his family and his community, now therefore be it,

RESOLVED: That in recognition of these outstanding sevices and devotion to the responsibilities thereof, I move that the Town Report for the calendar year 1984 be dedicated to Col. Wilfred A. Emond, and that a suitable portrait type photograph and biographical resume of the life and achievements of Col. Wilfred A. Emond be included therein.

It was further moved and adopted that the content of this resolution be spread upon the permanent records of this meeting and that the Town Report be dedicated to Wilfred A. Emond for the calendar year 1984. Moved by Elizabeth R. Smithers, Town Clerk.

Amounts enclosed in parentheses are items approved by the Budget Committee.

There being no further business before the meeting, the meeting adjourned at 12:05 A.M.

Respectfully submitted,
Elizabeth Smithers,
Town Clerk, Gilmanton.

The Corner Library has been completely rewired and several needed wall plugs installed. The work was accomplished through the generosity of interested citizens and without any expense to the Town. The Corner Library is indebted to the Gilmanton Womens Club for providing the funds, and to Bert Philipps and to Lawrence Jones who did the work, and to John Collins who organized the project.

This year's volunteer librarians were Joann Patch, Dorothy Dudley, Jean Baxter and Margaret Chaffee. Many thanks are extended to these ladies and all who helped make this year successful.

REPORT OF HEALTH INSPECTOR

Since taking office on July 1, 1984, I have been very busy learning all the duties that the health officer is responsible for. I have continued inspecting septic systems for additions of over 100 square feet. Other duties included inspecting septic system complaints, camper trailers, testing septic systems, and answering questions about septic system problems as they relate to state and town law.

By taking advantage of the dam project at Sawyer Lake, Commissioner Castro and I were able to inspect the entire shore line of the Lake. We found no evidence of unauthorized drainage into the Lake.

In 1985 I will continue working with our home owners offering guidance concerning procedures and rules for updating septic systems. I am especially

concerned with the quality of updating of systmes near our lakes, streams, ponds and wetlands.

Overall, I feel we have a lovely community with very concerned citizens. I enjoy working toward a healthier community for all residents of Gilmanton.

George A. Pelissier, Health Officer

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

Our first forest fire prevention law was enacted by our State Legislature 90 years ago. This early law set in place a cooperative forest fire prevention and suppression effort between city and town governments and State government. It simply stated that no open fire could be kindled, when the ground is free of snow, without the written permission of the town/city Forest Fire Warden. This law also stated that anyone kindling a fire without written permission shall be liable for the damage caused and subject to a $1000 fine.

During the past 90 years, this law has worked so well that it has remained unchanged. All open fires when the ground is not covered with snow must be authorized by the local Forest Fire Warden. Persons kindling a fire without a permit when one is required are liable for damages caused, fire suppression costs and subject to a $1000 fine. This cooperative fire prevention law has contributed significantly to our nationally recognized annual forest fire loss record.

1984 STATISTICS

GILMANTON POLICE DEPARTMENT

The year 1984 was a busy year for the Gilmanton Police Department with increases in several areas of activity and decreases in a few of the crime classifications. The break down is as follows:

General Service Calls (Alarms, suspicious activity, etc.)	1335	Up 13%
Court	176	Up 52%
Motor Vehicle Warnings	602	Up 60%
Domestic Situations	31	Up 63%
Assaults	6	Same
Burglaries	28	Down 20%
Thefts	35	Same
Vandalism	35	Down 23%
Criminal Trespass	17	Down 5%
Criminal Threatening	3	Same
Harrassment	15	Up 15%
Total Activity	2357	Up 19%

We wish to thank the Townspeople of Gilmanton for their cooperation and prompt reporting of suspicious activity and encourage even more reporting of suspicious activity, no matter how frivilous it may seem.

Respectfully submitted,

MAURICE R. SALMON II
Chief of Police

GILMANTON IRON WORKS FIRE DEPARTMENT

The Gilmanton Iron Works Fire Department responded to a total of 143 emergency calls in 1984. Of these, 61 were fires, 18 motor vehicle accidents and 64 medical emergencies. Our response time again was under 2 ½ minutes from the time the dispatch center received the call and the time we were on the road. This is made possible by a very sophisticated communications and alerting system, and we cannot emphasize enough the importance of your calling our emergency number (524-1545) rather than the operator, a neighbor, the local store, etc.

Some of the major improvements for 1984 were:

Purchase of 6 alerting pagers	$1,700.00
Refurbishing of Engine 1	1,500.00
Painting and Installing New Ceiling in Upstairs Rooms	2,450.00
Outboard Motor for Rescue Boat	600.00

As always, we are striving to maintain a skilled and well trained department, and invite anyone interested in joining our ranks, be it as a firefighter, rescue personnel, or any of numerous other categories of membership.

Respectfully submitted,
David H. Russell
Chief

GILMANTON CORNER FIRE DEPARTMENT

The Gilmanton Corner Fire Department responded to 88 Emergency Incidents during 1984. They were as follows:

Fires	31
Medical Emergencies	35
Motor Vehicle Accidents	6
Mutual Aid Calls	14
Service Calls	2

The Gilmanton Corner Fire Department is a private non-profit organization that is funded jointly by the Town Appropriation and by donations from the Townspeople.

The Department is operated by all volunteer firefighters who provide hundreds of dedicated hours to the Department for the up-keep of the equipment and buildings, training and other necessary functions as well as emergency incidents.

The members of the Department appreciate the continued support of the Townspeople in their effort to provide these services. Townspeople interested in further assisting the Department are eligible for membership with the organization.

Respectfully submitted,
Chief Raymond M. Daigle

GILMANTON RESCUE SQUAD

The Gilmanton Rescue Squad responded to 89 calls this year. 11 were motor vehicle accidents, 15 were fires, and 53 were medical emergencies. The squad currently has 11 members. Seven of these members are Emergency Medical Technicians, and three are currently enrolled in an Emergency Medical course.

Extensive training sessions, drills and courses have been planned for 1985 in order to keep our members well practiced and disciplined for emergency rescues and first aid.

We thank the people of Gilmanton for their support and look forward to another year of serving this Town.

Respectfully submitted,
Kris Senior, Captain

REPORT OF THE TOWN AUDITORS

We have reviewed the books of the Town of Gilmanton of the period January 1, 1983 thru December 31, 1983 and found them to be in reasonably good order. Various recommendations have been made to Town officials which have been taken under advisement.

A complete copy of the report submitted to the State is available for public inspection at the Town Offices.

Respectfully submitted,
Town Auditors,

GILMANTON CONSERVATION COMMISSION

The Gilmanton Conservation Commission has had very few Dredge and Fill applications. No application was returned to the State with a negative recommendation. Several were returned with suggestions. The Commission has spent the remaining time carefully compiling information concerning a future survey of underground fuel storage facilities.

Respectfully submitted,
R. Bruce Hamblett, Chairperson

GILMANTON PARKS & RECREATION COMMISSION

This year the Gilmanton Parks & Recreation Commission finished the ball diamond at Crystal Lake Park; also two loads of beach sand were spread on the beach. New bags and a home plate were purchased for the ballfield. The area under the Pole Barn was paved.

The Park Commissioners and some parents spent a day at Wallis Sands Beach with about 35 Gilmanton children. The day was a complete success. We hope to go again in the summer of 1985.

There was a Halloween party for the Gilmanton children, held at the Gilmanton Elementary School and sponsored by the Parks & Recreation Commission. A good time was had by all!

We, the Park Commissioners, feel we have had a progressive year.

Sincerely,

Gary Lines, Chairman
Nancy J. Lines, Secretary

GILMANTON PLANNING BOARD
1984 ANNUAL REPORT

The Planning Board holds regular meetings on the second Thursday of each month at 7:30 p.m. at the Town Hall. The dates and agenda of all meetings are posted in advance in both Town Post Offices. Minutes of all meetings are kept and are available for inspection in the Town Clerk's Office. All meetings are open and the public is invited to attend.

Subdivision activity within the Town during the past year can be summarized as follows:

Residential subdivisions approved	11
Total new lots in approved subdivisions	45
Total acreage in approved subdivisions	1,086
Average lot size in acres	24
Non-residential site plans approved	3
Survey plans approved for recording only	0

The Board met regularly 13 times during 1984 and conducted onsite inspections of the lands to be subdivided. The Board held public hearings on Site Plan Review Regulations drafted and later approved by the Board, governing non-residential and multi-family development.

The Board also drafted and ultimately adopted, for the first time, a comprehensive set of Administrative and Procedural Rules designed to set forth uniform guidelines concerning parliamentary and statutory procedure for the Board to follow in its decision making function. Under these new procedures the Board held its first formal joint meeting with the Board of Adjustment.

In addition to offering assistance and advice to numerous citizens during the year, the Board also held work sessions with the Building Inspector and the Selectmen as to various Planning matters, in part resulting in the formalizing of proposed Regulations intended to implement the Ordinance as to temporary use permits of mobile homes.

The Board continued to work on proposed changes to the Zoning Ordinance and Subdivision Regulations necessitated by the new Legislation and further appointed a Roads Priority Committee to investigate the physical status of the Town roads.

LAKES REGION PLANNING COMMISSION REPORT

The Planning Commission focussed region-wide attention this year on lake front development and related water quality and recreational use issues. Thus far Gilmanton has not been faced with intensive condominium development on any of its lakes. However, the solutions developed for the larger lakes will serve as models for reviewing the Town's regulations in light of this region wide development trend.

The Planning Commission has served the Town by consulting on the drafting of sand and gravel excavation regulations, revision of subdivision regulations to comply with state law, and procedures for the planning board, has completed national historic register nominations for the academy and the church in Gilmanton Corners, and has supplied the Conservation Commission with wetlands mapping services. It has also hosted the municipal law lecture series which provides training for municipal officials. Monthly commission meetings address topics of concern to the Town as well as to the Lakes Region generally.

In the coming year, the Commission is expected to provide the town with an updated zoning map and revised zoning ordinance and subdivision regulations incorporating amendments made during the past two years. Also in prospect is a historic resources survey for the town.

LRPC keeps abreast of planning related developments in the legislature and in the courts so that its staff can assist the town in keeping their regulations up to date. Gilmanton's Master Plan, now three years old, will need updating within two years, and continuing population growth and development in town will require revisions to town ordinances, both substantive and technical. Without the Lakes Region Planning Commission, Gilmanton would be on its own, without access to regional information or technical expertise with long term knowledge of the town and its concerns.

NEW HAMPSHIRE HUMANE SOCIETY

January 5, 1985

Office of Selectmen and
Chief of Police
Town of Gilmanton
Gilmanton I. W., N. H. 03837

Dear Town Officials:

The 1984 totals of the number of animals from the Town of Gilmanton brought to the N. H. Humane Society shelter are as follows:

By your Animal Control Officer	
Dogs and Puppies	29
Cats and Kittens	4
Total	33
From Gilmanton Residents	
Dogs and Puppies	28
Cats and Kittens	31
Total	59
Total number of Dogs, Cats, Pups and Kittens from the Town	92

Your Society's shelter has been licensed and inspected by the State and fulfills your licensed dog pound requirements. It also complies with RSA 442-A, the Rabies Control Act for holding stray dogs.

Every town has stray and animal problems. We encourage the Town of Gilmanton to use our services more in 1985.

Sincerely,

Fritz T. Sabbow,
Executive Director

GILMANTON CABLE COMMITTEE

The Town of Gilmanton Cable TV Study Committee was established February 1, 1984, to determine the possibility of having cable TV installed in the Town of Gilmanton.

The committee secured up to date base maps showing the location of all dwellings in theTown. Letters were sent to cable companies servicing other areas in New Hampshire asking if they would be interested in this program.

Lake Cable TV, a subsidiary of Community Cable Co., Laconia, was the only company which showed interest. This was not surprising as Gilmanton is a small community with its dwellings scattered throughout. This company is also more capable of doing the work as it presently services other towns bordering Gilmanton.

The cable company is presently conducting a feasability study to determine if it would be cost efficient for them to install cable in the Town, and if not, could cable be installed in the high density sections only. The results of their study should be available within a month or two, at which time the committee will report their findings to the Board of Selectmen.

No appropriations have been made to this committee, and no expenses have been incurred.

This report is respectfully being submitted by its members

GILMANTON SCHOOL DISTRICT GOALS COMMITTEE

The Gilmanton School District Goals Committee was voted into being at the School District Town Meeting in March, 1984.

Interested residents of the Town were invited to be on the committee by the School District School Board. The first meeting was held on Monday, Oct. 1 1984, once the new school year and school administration was underway. Following the election of officers, a wide range of concerns regarding the present and future of education in Gilmanton was voiced.

It was desired to survey the community to see what general concerns were, and if and how these concerns could be addressed. To determine the nature of a survey which would adapt itself to our children's educational needs in Gilmanton, it was felt that major areas needed research. These areas were listed as: need of Kindergarten and other Readiness programs in the community; state minimum standards and library/media needs; middle school program; accommodating the gifted child; present facility and population changes; class size projections; computer programs; and supplemental activities.

A community survey will take place in early February. The results of the survey, summary reports of the research areas, and the Goals Committee Chairman will be available at the School District Meeting to respond to questions from the floor.

Respectfully submitted,

(signed) Michael L. Gundel

ACCOUNTANT'S REPORT ON FINANCIAL PRESENTATION

To the Members of the School Board
Gilmanton School District
Gilmanton, New Hampshire

We have examined the combined financial statements and the combining, individual fund and account group financial statements of the Gilmanton School District as of and for the year ended June 30, 1984, as listed in the accompanying table of contents. Our examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1B, the combined financial statements referred to above do not include financial statements of the General Fixed Asset group of accounts, which should be included to conform with generally accepted accounting principles.

In our opinion, except that omission of the General Fixed Asset group of accounts results in an incomplete presentation as explained in the above paragraph, the combined financial statements and the combining, individual fund and account group financial statements referred to above present fairly the financial position of the Gilmanton School District at June 30, 1984 and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole. The combining, individual fund and account group financial statements and supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the combined financial statements of the Gilmanton School District. The information has been subjected to the auditing procedures applied in the examination of the combined financial statements and, in our opinion is stated fairly in all material respects in relation to the combined financial statements taken as a whole.

August 10, 1984 Carri, Plodzik, & Sanderson

Copies of the entire audit are available at the Superintendent of Schools office, Harvard Street Administrative Office, Harvard Street, Laconia, New Hampshire.

There were a total of 20,997 lunches served with milk and an additional 9,832 ½ pints of milk were used by students at a charge of $.15 under the Special Milk Program. Lunches were served 180 days with an average daily participation of 117. Each lunch cost an average of $1.2671 to serve. This does not include the value of government food used. The program utilized about $3,634.00 (wholesale value) of Government Commodity donated foods.

In view of the increased food and milk prices I feel we are fortunate not to have to raise our lunch & milk prices. In fact we are hoping to drop our lunch price back to $.75 in the Fall. The kitchen staff headed by Joanne Patch and ably assisted by Bernice Tibbetts work very hard to control expenses and have certainly been responsible for the success of the program.

LETTER FROM THE SCHOOL BOARD

Dear Fellow Citizens,

The 1984-85 school year is in full swing under the disciplined and enthusiastic direction of Principal Thomas Brunelle and an excellent staff.

This year the School Board has begun the practice of setting short term goals for the school district, and we are pleased to note progress in many areas:

1. In an effort to boost our library resources, the Board requested an analysis of the library by a professional librarian, is utilizing Chapter 2 Federal funds to implement some of her suggestions, and has made a commitment to upgrading the library, proposing this year the addition of a full-time professional librarian.

2. For the students' safety and physical health, the playing fields were redone in the summer of 1984 and new playground equipment was added.

3. The Board has established a five-year cycle of textbook review so that textbooks may be upgraded on a regular basis, addressing one major and one minor curriculum area each year.

4. The physical education and after-school sports program contracted out to the Lakes Region YMCA has been a great success this year, enabling all students to have two periods of physical education a week and many students to play on our school teams.

5. Mr. Brunelle has met on a regular basis with the Gilford principals in an effort to coordinate curriculum and plan for the transition to high school for the benefit of our eighth graders.

These are but a few highlights of this past year's progress. The faculty has continued to show it concern for our school in addition to the performance of normal class duties, in areas such as its enthusiastic cooperation with the introduction of an Activity Period in the upper grades, the establishment of an after-school club for highly motivated students in grades two through four, the production of a memorable graduation for the 1984 Eighth Grade, and its participation in school committees, to name a few.

The school also continues to depend on and enjoy all the community support it receives, and we are most grateful to the many volunteers who have helped in the afternoon activity period, the computer program, and in the renewed effort to bring school news to the community, as well as to those who continue to help each week in many ways throughout the year.

Finally, an active Long Range Goals Committee has been meeting generating thought provoking discussion about the direction in which our school is headed. Out of this, the Board plans to formulate long term goals for the ensuing years through which our community can continue to pursue excellence in education and pride in our school(s).

Respectfully submitted,
Anne H. Onion, Chairperson
Gilmanton School Board
